

Discontinued Mobile Browsers

As people increasingly move towards an almost exclusively mobile experience online, the [list of mobile browsers](#) will continue to expand. As will our upbeat graveyard for mobile browsers. This page may be short now, but as the mobile browser wars start to heat up we expect to watch this list grow too.

1. Deepfish
2. IE Mobile
3. Iris
4. Mercury
5. MicroB
6. Skweezer
7. Steel
8. Teashark
9. Xpress Browser

Let us know if we missed any dead mobile browsers.
